## A Square Deal the Year Around

Is what the people want.

You may look where and when you please and you will find that you save money always BY DEALING AT BROWN BROS.

"Exaggerating advertisements" and "Price Juggling" does not appeal to thinking people who want reliable goods. They know that if a suit is sold on a close margin of profit at \$15, it cannot be sold consistently at \$10. Here you will not be asked to pay \$15 for a suit in season when you need clothes that is worth but \$12, and perhaps only \$10. It will be to your interest as well as ours to make a thorough investigation before you buy. There is a straight-to-the-point, without any "ifs" or "ands" about the "clothes" we sell and the "prices" we sell them at, that clearly illustrates their superior Quality, Workmanship and Fit—a recognition won purely and simply on merit alone.

We have hundreds of customers who like our way of doing business. Wouldn't you like to test it? Come in, let us show you our Magnificent Line of Clothing, Hats, Shirts, Underwear, Neckwear, Hosiery, Umbrellas and Work Clothing, and you will be convinced—that one day with another the year through, we save you at least 25 per cent on everything that you buy from us.
